How to Use the <i>World Atlas</i>	xii

Chapter	Continent	Concepts	
1	Explorer's Plan	Introduction.....	13
2	Explorers Take Off Extension and Beyond Activities	<u>North America</u> Metric conversion and customary conversion within systems..... Coordinates, scientific notation, probability	16 21
3	Explorers Disembark! Extension and Beyond Activities	<u>South America</u> Metric conversion and customary conversion within systems, graphs, "Surfing the Net"..... Temperature, currency, Venn diagrams, problem solving	25 34
4	Eureka! Africa! Extension and Beyond Activities	<u>Africa</u> Rate, metric and customary conversion within systems..... Statistics: range, median, mode, mean of data; frequency table; graphs.....	40 49

5	On the Island	<u>Australia</u>	Metric and customary conversion within systems, currency exchange, real-world applications	55
	Continent			
	Extension and		Graphs, geometry, problem solving	
	Beyond Activities		63
6	The Cold, Lonely	<u>Antarctica</u>	Graphs, charts, metric and customary conversion	66
	Continent			
	Extension and		Charts, temperature, problem	
	Beyond Activities		solving	73
7	Doorway to Asia	<u>Asia</u>	Time, graphs, metric and customary measurement, proportion	76
	Extension and		Real-world applications, metric	
	Beyond Activities		conversion within systems, tables, charts, graphs	86
8	Europe Bound	<u>Europe</u>	Probability, customary and metric conversion within systems, time, real-world applications, problem solving	89
	Extension and		Charts, proportion, resource	
	Beyond Activities		materials	99
	Chart for Distance		102
	Answer Key		105
